CHAI LYDEN

Junior Frontend Developer

I am a detail-oriented Junior Frontend Developer with proficient knowledge in HTML, CSS, JavaScript, TypeScript and Responsive Design. I am also familiar with third-party libraries such as Angular and Vue.js. My aim is to use my technical skills and expertise to provide value to my employer and contribute to successful projects both today and in the future. I am always seeking new challenges and opportunities to utilize my coding and debugging skills to develop new features and enhance the overall user experience.
